

2018 Engineering and Engineering Technology Chairs Open Exchange

Sunday, June 24, 2018 ▪ 2:45 PM to 4:15 PM
Marriott at City Creek ▪ Salon J
Salt Lake City, UT

Session Description

This 90-minute session offers an opportunity for engineering and engineering technology chairs and department heads to have open discussions, exchange ideas, talk through challenges, and build working relationships. The session will be a combination of structured and unstructured discussions. This session is only open to engineering and engineering technology chairs and department heads.

Challenging Scenarios Discussion: The majority of the session will revolve around a "challenging scenarios" exercise, where real scenarios that chairs have experienced will be discussed and considered by those in attendance. You can share your scenario anonymously here:

Session Agenda

- I. **Introduction** (5 minutes)
- II. **Introductory Networking Activity** (15 minutes)
- III. **Challenging Scenarios Exercise** (45 minutes)
Prior to the conference, chairs anonymously submitted situations challenging scenarios they have experienced and would like to observe being discussed and considered by other chairs. Participants will be broken into smaller groups to discuss scenarios and conduct 'report outs' to share their discussions and proposed actions in response to these scenarios.
- IV. **Open Forum** (25 minutes)
Chairs reconvene as a full group and attendees have the floor to discuss and share anything of their choosing.
